Humic Acid	4%

Derived from quality Leonardite shale

2.756 x 10 power of 11 CFU per gallon.

Bacteria Strains:

Bacillus megaterium, bacillus subtilis, bacillus licheniformis, bacillus amyloliquefaciens, bacillus pumilus, B. azotoformans, B. coagulans, B. thuringiensis, B. stearothermophilus, Paenibacillus polymyxa, PDurum, P. florescence, P. gordonae, A chroococcum, Saccharomyces cricevisiae, Psuedomonas aureofaciens, Pseudomonas Fluorescens

1.63 x 10 power of 8 total propagules/gallon of the glomus fungi.

Fungal Strains:

Phanerochaete chrysosporium, trichoderma viride and trichoderma harzianum

Mycorrhizal Strains:

Glomus intraradices, G. mosseae, G. aggregatum, G. clarum, G. etunicatum, G. Deserticola, Gigaspora margarita, G. brasilianum, G. monosporum, Rhizopogon villosullus, Rhizopogon amylopogon, Rhizopogon fulvigleba, Pisolithus Tinctorius, laccaria bicolor and I Laccata, Scleroderma Cepa, S. Citrinum, Suillus granulatas and S. punctatapies

CAUTION

KEEP OUT OF REACH OF CHILDREN

Two-Way Trading Co., Inc.

NET CONTENTS: 1 PINT/1GALLON

Product Description:

NEW GROUND™ is a liquid microbial and biological catalyst containing the highest forms of carbon, mycorrhizal fungi, bacillus bacteria, amino acids, carbohydrates, vitamins, enzymes and minerals to renew and add valuable organic matter to the soil and rhizosphere of the crops being grown.

Directions For Use:

NEW GROUND™ may be applied to the soil of all crops. Apply 1/2 to 1 pint per acre in enough water to give thorough coverage. Shake well before use and keep in a cool, dry location away from direct sun light. May be mixed with fertilizers and other pesticides. A simple compatibility jar test is recommended prior to tank mixing.

For Florida: Two-Way Trading Co Inc recommends that you follow the golf course BMP's http://www.dep.state.fl.us/water/nonpoint/docs/nonpoint/glfbmp07.pdf. Two-Way Trading Co Inc recommends that you follow the Green Ind. BMP'S http://www.dep.state.fl.us/water/nonpoint/docs/nonpoint/bmp_book_final.pdf

Information regarding the contents and levels of metals in this product are available on the internet at http://www.aapfco.org/metals.htm. Use this product in accordance with good agronomic practices, which include utilizing proven spray equipment set for proper coverage. Do not make applications when temperatures are too hot. Applications should be made at temperature levels and when other environmental conditions in your area are such that your experience indicates the application will be compatible and will accomplish the desired result.

The use of this material being beyond our control and involving elements of risk, to human beings, animals and vegetation, we do not make any warranty, express or implied, as to the effects of such use, when this product is not used in accordance with the directions as stated on this label. Information concerning the raw materials composing this product can be obtained by writing to Two-Way Trading Co., Inc., P.O. Box 8362, Dothan, Alabama 36304.
